

# Henry Robinson

Argyle, TX 76226  
9406000811

henryrobinson4117@gmail.com  
WWW: Bold Profile

I am a recent computer science graduate with a strong desire to learn more and gain experience. From my college experience, I became an effective problem solver, learning different software development skills. I learned to gather the proper resources to get projects done on time, while effectively communicating with team members to do so.

---

## Education

Bachelor of Science in Computer Science August 2025  
Texas Tech University, Lubbock, TX

---

## Skills

- Linux
- Python
- MySQL
- Machine learning

---

## Experience

### Package Handler

UPS, Haslet, TX

June 2022 - August 2022

- Loaded and unloaded materials onto and off of trucks for fast shipment.
- Proved successful working within tight deadlines and a fast-paced environment.
- Alerted supervisors and coworkers of hazards and other issues for quick resolutions.
- Removed jams and unblocked conveyor system to maintain flow of goods.

### Delivery Driver

Domino's Pizza, Argyle, TX

April 2021 - January 2022

- Delivered packages to customer doorsteps and business offices.
- I worked at the Argyle location from April 2021 to August 2021. After my first college semester, I came back to work there again December 2021 through January 2022

---

## Interests

- Coding and Programming
- Physical fitness/Weight training
- Music production

---

## Projects

AI vs Human text classifier

- **Developed an AI vs. Human text classification system** by preprocessing PDF/Word documents, applying NLP techniques (tokenization, lemmatization, TF-IDF), and training multiple machine learning models (SVM, Naive Bayes, Logistic Regression) alongside deep learning models in PyTorch/TensorFlow.
- **Implemented a full ML pipeline** including dataset preparation, model training, and performance evaluation (cross-validation, learning curves, confusion matrices), enabling accurate classification and comparative analysis across classical and neural models.
